About the Organizers

"Strength. Flexibility. Growth." — Ironwood motto

Ironwood Sword School has been developing historical martial artists since 2014, with chapters in two locations in Ontario, Canada. We are located centrally to three major Canadian capitals and the US-Canada border. We offer a safe and inclusive space for people from all walks of life to train the way they want to train.

For years now, we have regularly hosted large scale events for both the HMA community and general public, including our biannual "Cutting & Combat" HEMA camping weekend, "The Krieg", our rated open tournament for longsword with dagger and messer, "Frostfecht", a friendly tournament which sees several different schools come together in mixed-weapon and mixed-system combat. And of course, "Warriors of Wisdom", our successful symposium weekend!
